The first graced Lakeside Hash on a chilly night at the Leincester Arms in Collingwood—a virgin named Vic. She took to hashing with great gusto, through the woes of her home being robbed of everything except her fashion wardrobe, to her naming on her 10th run as Critter Fitter (a play on words as she was fit and into animals). But then we found the real animal in her at the Ballarat Balls up and pre-run where Heavy coined the more appropriate name of Sweaty Box—hence a rechristening at the joint run with WSH3 before the end of her first year. By her 48th run she was appointed Trail Mistress on Cooch's committee—and what a mistress she is!
